Live Recording Services for Promoters at the New Cross Inn

Whether you have a live album planned, you're putting together a show reel for your night or you want to offer the performing bands a recording of their set, Local Global and New Cross Inn provide a range of live recording services for promoters at the venue. We also offer production services, promotional opportunities and technical support throughout the process. We also offer promotion and plugging of purchased audio free of charge. We have contacts with people in the industry and want to help you out! (Please note, all performers must agree to their tracks being publicised)

Basic Spend: £65 for full recording of the night (£35 deposit required before event)

This will be raw, one-track recording of your entire set. Unless you are a proficient audio producer or engineer, we recommend you consider having the audio mixed and mastered by a professional.

Recommended Extras (all payments on top of basic spend):

These are touches that are going to make your recording sound it's best and most professional. All extras can be purchased at later date (max, 3 weeks after show), so once you have listened to you basic track, you will be able to select the sets and tracks you like best and chose to have them mixed and mastered.

1. Mixing

Mixing is the process of enhancing a recording to create a version of the song that sounds as good as possible.

+ £35 – 1 full set mix

+ £5 – set is edited into separate track files

+ £10 – song mix of your choice

2. Mastering (You must have a set or song mixed in order to have it mastered)
