LOCALGLOBAL

Live Recording Services for Bands Performing at the New Cross Inn

Whether you have a live album planned, you're putting together a show reel or you simply need to record a new demo, Local Global and New Cross Inn provide a range of live recording services for artists and bands performing at the venue. We also offer production services, promotional opportunities and technical support throughout the process. Once your tracks have been purchased, you will own all rights to the audio recordings.

Basic Spend: £55 for 1 full set recording

This will be raw, one-track recording of your entire set. Unless you are a proficient audio producer or engineer, we recommend you consider having your set mixed and mastered by a professional.

Recommended Extras:

These are touches that are going to make your recording sound it's best and most professional. All extras can be purchased at later date (max, 3 weeks after show), so once you have listened to you basic set, you will be able to select the tracks you like best and chose to have them mixed and mastered, or you can chose to have the whole set produced.
