Live Recording Services for Open Mic Performers

Record a live demo of your Open Mic performance to help promote your music.. Demos are perfect for sending to venues and promoters and can help you secure more live performance opportunities. You can also promote your tracks online to build your web presence and build fan interest. Once your tracks have been purchased, you will own all rights to the audio recordings and can use them however you wish!

What We Offer:

1. Mixing

Mixing is the process of enhancing a recording to create a version of the song that sounds as good as possible.

£10 – full open mic set mix

£5 – set is edited into separate track files

£5 – single track mix

2. Mastering (You must have a set or song mixed in order to have it mastered)

Mastering is the process of turning a collection of tracks into a cohesive group for publication. The songs are balanced against each other to get a great sequence.

£5 – single track master

***OFFER* Complete Open Mic Package**

£25 – Set mix, all songs mastered as separate tracks AND enthusiastic plugging of tracks to local radio, podcasts, online music sites and industry contacts.
