ABOUT US

The New Cross Inn is a long established live music venue in the heart of Southeast London hosting live music 7 days a week. We provide a home for touring artists from all over the world including big names who have used the venue for festival warm ups/downs or intimate underplays. We also provide a home for grass roots and breakthrough artists including our famous weekly Open Mic night.

Less than 5 minutes' walk from either New Cross or New Cross Gate Tube station, 'The Inn' is a landmark fixture on the main road attracting a vibrant and diverse crowd including students from nearby Goldsmiths College. Multiple bus routes, Southern Trains and 24 hour Overground services provide quick links to the rest of London and it's a simple 7 minute train journey to and from London Bridge.

500 capacity venue, across two floors (Main Room - 350 and Stocks Bar - 150), The New Cross Inn offers a great deal of adaptable space, suitable for both seated and non-seated events.
